WORKS NOTIFICATION (3) MAY 2023

Coastal Walkway Bridges project: Installation of bridge anchor points

2 May 2023.

Dear Resident,

We are writing to inform you that major footing construction will soon be commencing on the Coastal Walkway Bridges Project.

Works to install the bridge ground anchors will be commencing from Monday 8 May 2023. These works will involve drilling and excavation activities, which will generate increased noise levels during working hours.

It is important to note that noise levels will continue to be monitored during this phase of the works, and we are committed to taking all reasonable and practicable measures to minimise the impacts of noise resulting from these activities.

The anticipated duration of works at each location are:

- Kurnabinna Gully 4 weeks
- Grey Road Gully 8 weeks

Works will be undertaken between the hours of 7:00am and 6:30pm Monday to Friday, with some Saturday works between 7:00am and 5:30pm when required.

We would like to thank you for your ongoing patience as we deliver the Coastal Walkway Bridges project.

If you would like further information or if you have any questions, you can contact the project team via the details below.

Kind regards,

The Coastal Walkway Bridges project team
