WORKS NOTIFICATION (1) FEBRUARY 2023

CITY OF MARION

Coastal Walkway Bridges and Fryer St Reserve upgrade: Works commencing

Dear Resident,

The City of Marion will be commencing onsite works from February 20, 2023. Initial activities will consist of the construction of the site compound on Fryer Street Reserve, which will be in place for the duration of works. Works are expected to be completed by the end of 2023, where upon removal of the site compound, the Reserve will be reinstated to its previous condition including top dressing.

The site compound will be fenced and will be used as a space for construction contractors to take legislated breaks from work for meals and meetings. This space will accommodate a lunchroom/office, storage container, toilets, and a lay down area for storage of material to be incorporated in the Coastal Walkway Project.

The length of use will be for the entire project at approximately 12 months from commencement. The types of materials stored will be fibreglass reinforced plastic, reinforcing steel, steel bridge members, quarry materials, and a shipping container capable of safely storing tools, chemicals, and flammable goods.

Figure 1: Approximate site laydown area indicated in white, accessible land in green

Following on from construction of the compound, onsite works will be undertaken from **7am until 6:30pm Monday to Friday (excluding public holidays)** with some **Saturday works between 7am & 5:30pm (excluding public holidays)** as required.

We are aware that there may be some impacts to the local community, and we are committed to minimising potential issues such as noise and dust as far as possible.

WORKS NOTIFICATION (1) FEBRUARY 2023

Coastal Walkway Bridges and Fryer St Reserve upgrade: Works commencing

To keep up to date with the project and receive updates, we recommend you subscribe to the Making Marion project page at **www.makingmarion.com.au/coastal-walkway**

Fryer Street Reserve upgrade

The Fryer Street Reserve upgrade will take place simultaneously with the Coastal Walkway project. Works are due to start in late February and be completed by May 2023. The following features will be delivered as part of the upgrade;

- a public toilet
- drinking water fountain
- picnic bench
- shelter
- pathway to the coastal walkway and minor landscaping

We appreciate your patience and cooperation as we work through the construction of the bridges and reserve upgrade projects.
