A new public toilet at Stanley Street Reserve was identified as a priority in Council's Open Space Plan 2024–2034.

A site assessment was undertaken to determine the most suitable location, considering accessibility, existing services and trees, proximity to the playground, and Crime Prevention Through Environmental Design (CPTED) principles.

Following early consultation with the Stanley Street Tennis Club and consideration of alternative locations, the preferred location was identified within the existing tennis clubrooms.

FAQs

Where has the need for a toilet come from?
A new public toilet is recommended in Council's Open Space Plan to support visitation to Stanley Street Reserve playground and tennis club.

What will the toilet include?
The toilet will be retrofitted into the existing clubroom building with a single accessible cubicle opening from the playground (toilet, wash basin and baby change table). The materiality and finishes will complement the existing tennis club building and will include vandal resistant materials. The toilet will have an external security light which will be dimmed to avoid glare.

What times will the toilet be open?
The toilet will be open 7 days a week during daylight hours (7am- 7pm).

How will the toilet be cleaned and maintained?
The toilet will be cleaned by contractors employed by the City of Marion and maintained on a regular basis.

Will the toilet be safe?
The proposed toilet location has been carefully selected to maintain clear sightlines to the playground and surrounding areas, supporting passive surveillance and safety. The toilet will automatically lock at 7pm each night.

When will the toilet be installed?
The toilet will be installed this financial year 2026/27.
