Boatshed Café project upgrade

June 2023

Dear Resident,

As you may be aware, the City of Marion is undertaking a $1.3 million upgrade of the Boatshed Café at 1A Heron Way in Hallett Cove.

Construction will commence on Tuesday, 20 June 2023 with the project scheduled to be completed by early 2024.

The Boatshed Café will continue to trade during this time, but the café will operate from the upstairs function space until further notice. Access to the café is from Heron Way.

Construction activities will occur Monday to Friday, 7 am to 5 pm. Some work may be done during the weekend but only if this becomes essential for the timely delivery of the project.

The lower-level car park will be closed during the week to allow for construction activities, but, where possible, some spaces will be made available on the weekends.

The upgrade involves installing new disability access amenities on the first floor of the building including wider doors, an access ramp, and a lift to the second floor.

A deck will be constructed on the northern side of the building and the life of the building will also be extended through the enhancement of external cladding to coastal environment-friendly materials.

Notice of works

Boatshed Café project upgrade

We appreciate that construction activities may impact the community. The project team will be in regular contact throughout the delivery of the upgrade and will continue to keep the community updated with key milestones and project updates.
