Refer to 1a. for information about mural.

2 Sculpture installation in tree

This sculpture is located in Reserve Street Reserve not far from Adams Road. The artwork at this location will pay reference to Dennis Adams, official war artist and painter. The paper plane sculptures symbolise a play on aircraft bombers nestled in the tree to discover.

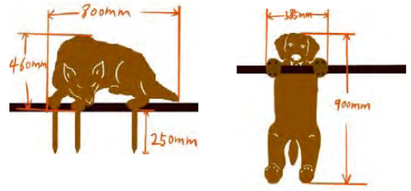

3 Sculpture installation in new garden bed

Located in Reserve Street Reserve near Whiteley Drive the artwork in this location will pay respect to painter, Brett Whiteley. The sculptures represent the common symbols found in his paintings (birds and frangipani flowers). The sculptures will be placed throughout a new garden bed at the entry to the dog park.

4 Sculpture installation on dog park fence

Located in Reserve Street Reserve near Rix Court, the artwork in this location will pay respect to painter, Hilda Rix. The dog sculptures are inspired by her painting “The Fair Musterer” and include a sleeping dog and curious dog jumping over the dog park fence.
