The elements with heritage significance include:
•The form of the building and the materials it is clad in, including steel fin grilles, steel plate, copper sheeting, concrete formwork, timber batons. This also includes the internal structure and cladding of MA than splices through into the building and the internal structure of the R that is extruded down the side of the building.
•The associated landscape that creates ION in MARION, including the sculpture I, rockwork O and frame N that is clad in climbing plants. While the variety of plant is not of significance, the design intention was for the structure to be clad with climbing/creeping vegetation.
•Morse-coded timber ceiling panels in the theatre
•Hanging timber panel baffle to ceiling throughout the building
•Braille panel on glazing facing Warracowie Way
•Timber panelling on corridor to theatre
•Internal stairs and ramp to library space.

The elements <u>excluded</u> from the heritage listing include:
•Fittings and fixtures in offices, meeting rooms, library, café, kitchen and public and staff toilets
•Ceiling types other than hanging timber panel baffle and Morse-coded timber ceiling in the theatre
•Track lighting and partition walls in the gallery
•Theatre fittings, fixtures, lighting, seating (other than the Morse-coded timber ceiling panels)
The landscaping to the rest of the building.
