

Glandore Oval - Public Artwork

Consultation report – what we heard

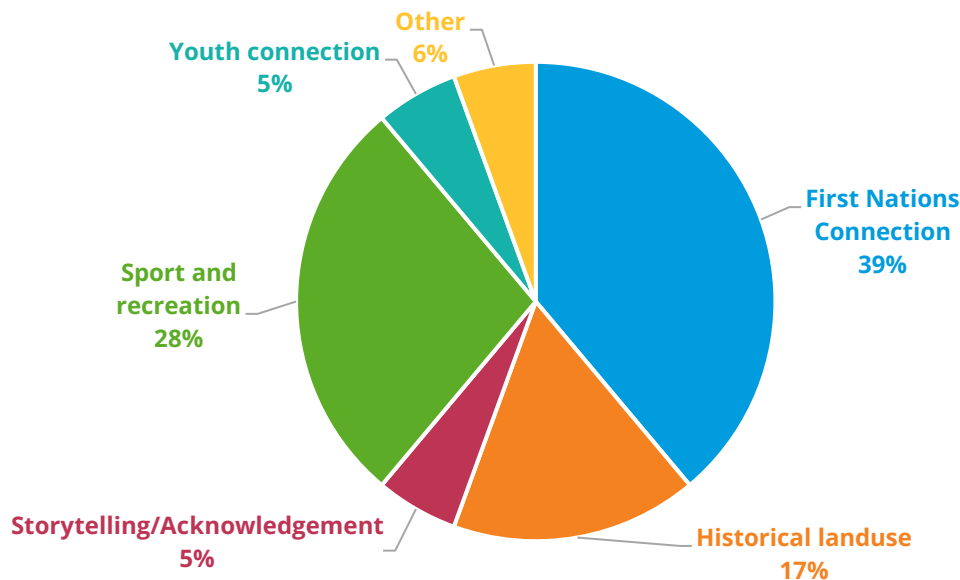

Background

Consultation to understand the community preference for the theme of the proposed public Artwork was undertaken from Monday 22 July through to Sunday 11 August 2024. Participants were asked to select their preferred theme from those provided with an option to provide other suggestions.

What we heard

We received 19 responses during the consultation period (18 respondents provided their preference).

Overall, from the feedback received the First Nations theme was the most preferred, and comments provided in the feedback revealed a keen interest to recognise previous land use, with a balance between respecting historical and cultural significance, fostering community inclusivity, and ensuring practical, budget-conscious development.

Next steps

The results of this feedback will be used to develop an expression of interest brief for local artists. We are planning to release this in late 2024, with the artwork expected to be installed within the 2025-2026 financial year, in line with the Glandore Oval upgrade.
