Notice of works – Branksome Terrace Reserve

10 November 2026

Dear resident / stakeholder,

We're installing a new watering system, adding a drinking fountain and creating native garden beds at Branksome Terrace Reserve. The new garden beds will provide food and shelter for local wildlife.

Works schedule

Work on the watering system is scheduled to begin in the week commencing 16 November 2026. We expect this work to finish in December 2026. Dates may change depending on weather and site conditions.

Planting is then planned for April to May 2027, when cooler weather helps plants grow. Residents will receive another notice before planting begins.

Access during the works

Access through the reserve will still be maintained along the northern boundary.

Find out more

You can find more details of the upgrade by visiting **makingmarion.com.au/reserveimprovements** or by scanning the QR code.

If you have any questions, you can call us on **8375 6600** or email **communityengagement@marion.sa.gov.au.**

Yours sincerely
