

Community Consultation

COVE SPORTS - SHAPE THE FUTURE

Marion Council is looking to re-shape the Cove Sports and Community Club at Oval Road, Hallett Cove – and we want to hear from you.

The club is currently home to five sporting clubs: football (AFL), cricket, soccer, netball and BMX. More than 1600 members share the facility.

Significant investments are being made in BMX and soccer that will transfer them from the site to Majors Road, O'Halloran Hill.

The changes are an opportunity to look at what activities you want at the site now and into the future.

Council has no plans at all other than wanting a valuable recreation space for the community. This is an opportunity for you to tell us – **what you want**.

The facility comprises:

- An aging clubroom with four change rooms, bar and function space
- AFL oval with lighting
- Six netball courts inclusive of 2 recently constructed courts
- Soccer pitch
- BMX track

How you can tell us your views

- Complete a short survey
- Visit some FAQs or submit a question.

For more information visit: <https://www.makingmarion.com.au/cove-sports-precinct>

The consultation will close on 25 September 2020.

What's next?

Council will listen to your feedback and develop a plan that is best value for the community.

Your input will contribute to a feasibility study conducted with in-depth analysis of options and cost estimates for Council to consider as part of its planning for this site.
